Office Action Summary

Art Unit 1771

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 1, 2, 4 and 6-20 are rejected under 35 U.S.C. § 103(a) as being unpatentable over Canadian -237, taken either individually or in view of applicant's admissions as set forth in paragraph No. 7 of Paper No. 8, together with the following additional observations. Applicant argues (Response, page 8) that the Examiner's contention that it is within the ordinary skill of the art to select a "material having a density less than polyester" is hindsight. However, the Examiner repeats his contention that to select a material having a density less than polyester such as polypropylene and related films is not hindsight but well within the ordinary skill of the art. Note that applicant appears to admit in his admission on page 1 of the specification what is believed to be well known, mainly that the usage of polyolefins such as polypropylene is extremely cost effective and indeed is the material of choice unless some particular property out of the ordinary, such as high thermal resistance or the like is required for the label structure. Additionally, as was previously set forth in paragraph No. 8 of Paper No. 8 regarding the newly provided range of release strength factors, the Examiner reiterates that such a parameter would either be inherent in the label structure disclosed by the reference, or at most an obvious optimization parameter to one of

Art Unit 1771

ordinary skill, in the absence of unexpected results. With respect to newly presented claims 19 and 20, applicants appear to admit that polypropylene would read on this particular newly claimed property.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. § 1.136(a). The practice of automatically extending the shortened statutory period an additional month upon the filing of a timely first response to a final rejection has been discontinued by the Office. See 1021 TMOG 35.

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY EXTENSION FEE PURSUANT TO 37 C.F.R. § 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE STATUTORY PERIOD FOR RESPONSE EXPIRE LATER THAN SIX MONTHS FROM THE DATE OF THIS FINAL ACTION.
